## Why Us?

- ❖ Established in 1991 by Mr. Bhavesh Patel
- ❖ Leader as a manufacturer of Polypropylene Pump and PP Pumps.
- ❖ We provide 100% satisfaction the client by supplying quality PP Centrifugal Pumps
- ❖ Committed to supply quality products within stipulated time

# Our Products

## Polypropylene Pump

Polypropylene Pumps are made from high corrosive Chemicals giving accurate and flawless performance. These Pumps are widely used in agriculture and industrial applications. The capacity of the pump is up to 295 m<sup>3</sup>/hr. Our Polypropylene Pump is of most use where space saving is an important factor.

## PP Pump Manufacturer

Long functional life, least maintenance cost and high performance, all these mixed features defines Polypropylene Pumps. The PP Pumps offered by us, rules the industry for its matchless corrosive and abrasive solutions offered by it. Steel Plants, Paper & Pulp, dyes and chemicals, thermal plant and many more are the industry making use of PP Pumps in national and international market.

## Non Metallic Pump

Our company is prolific manufacturer of Non Metallic Pump suitable for a wide range of chemicals. These pumps are made from premium material like Polypropylene, PPH, PVDF, PFA. The capacity of our Pumps ranges up to 50 m<sup>3</sup>/hr commonly used in chemical industry. [Non Metallic Pump](#) finds application in other industries like Pharma, Paint, Automatic Power Station, Effluent Treatment Plant, Dyes & Intermediates industries and others
